

## Advance-Nilfisk Part

Advance-Nilfisk Part - Imagine how long and tedious it will be to clean-up after a party, with no assistance from equipment. Not too long ago, the dirt from upholstery and carpets had to be beat out of them by hand; cleaning cloths, brooms, and brushes were the leading cleaning products during that time.

The man who established Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who really liked to work on electrical motors. After starting his business during the year 1906, he started to produce motors to drive coffee grinders, fans, machine tools and drills. Mr. Fisker's vision from the start was to have a worldwide business selling merchandise worldwide.

The Nilfisk C1 was a tremendous breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by one person. This creation came in a time where many cleaning equipment were huge and needed at least 4 operators, therefore, the Nilfisk C1 changed everything and developed the manner we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning equipment offer a brilliant solution to an ongoing dilemma; things get dirty and have to be cleaned frequently, without too much effort.

Little by little, the company Nilfisk-Advance expanded throughout the years. In the the early part of the 1980's the company expanded more rapidly when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the business, trying to be an active international player in making professional cleaning equipment. Nilfisk-Advance is now represented in all parts of the world by gradually obtaining a lot of smaller companies in order to grow their product portfolio and presence in new markets. They are really proud to present a range of cleaning solutions to suit each requirement.
